RESPONSE TO AMENDMENT

1. This communication is responsive to the amendment received on April 28, 2006.

Claims 1-11 have been cancelled

Claims 12-22 have been newly added.

Claims 12-22 are pending.

Election/Restriction

2. Restriction to one of the following is required under 35 U.S.C. 121:

- I. Claims 12-22 are drawn to a method for providing an online presence for a first member of a group of members, classified in 709, subclass 203.

- II. Original claims 1-11 are drawn to a method for communicating an online message to a recipient, classified in 709, subclass 206.

The inventions are distinct, each from the other because of the following reasons:

Subcombination-Usable Together

3. Inventions I, and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a method for providing information on a first member to a requesting source. Invention II has separate utility such as a method delivering an online communication to a recipient that is off-line. See MPEP § 806.05(d).

4. Because these inventions are distinct for the reasons given above and have acquired a

separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. Newly submitted claims 12-22 are directed to an invention that is independent or distinct from the invention originally claimed for the reasons above.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 12-22 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Response to Amendment

7. The reply filed on April 28, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): No claims to examine and the remarks are directed to the newly added claims that have been withdrawn from consideration by Restriction/Election by original presentation. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or

correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
